## Ethics of Food

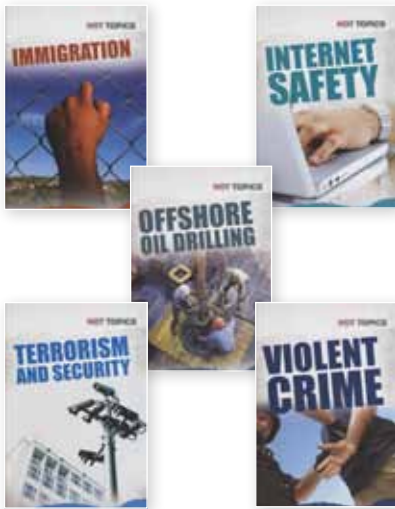

Authors: J Bliss, M Burgan, P Catel

Imprint: Raintree

List Price: \$34.95

Ethics are involved in every aspect of how our food reaches us. Every time we make a sandwich or pour a drink, we're making a choice. In fact, whenever we buy something to eat or drink, we are supporting a business model. Some of these models are more sustainable, healthier, and kinder than others. So it's up to us to become informed consumers and to try to make choices that reflect our values and lifestyles. Each book in the **Ethics of Food** series helps readers to think more critically about these issues. 56 pages. Suitable for Lower Secondary – Middle Secondary.
