Pets are fun to play with, cuddle or just to watch. You can learn a lot from having a pet. But having a pet is a big responsibility. Your pet relies on you for food, water and a safe place to live. If your pet is sick or injured, it relies on you to make sure it gets proper care.

The **Pets** series will teach you how to care for six different types of pets – birds, cats, dogs, fish, mice and rats, and rabbits. If you do not have a pet, this information will help you decide which pet you would like to have.

Features of this book include:

- Simple, easy to read text in a large font size
- Details of an animal kept as a pet
- A profile in the form of an interview and photographs of a child who owns a pet
- A list of print and internet resources for further information and research
- A detailed glossary that explains new and difficult words and concepts
- A comprehensive index.
